### Notes to Financial Statements

#### NOTE A – ORGANIZATION AND PROGRAM SERVICES

Compassionate Care ALS, Inc. was incorporated as a non-profit organization in 2002 and grew out of the work of the Gordon T. Heald ALS Fund. Gordon T. Heald was an active New England businessman who participated in and gave generously to local charities. In 1997 he was diagnosed with ALS. Before Gordon's death, the idea of starting a fund for ALS families in his name came to light. An announcement in Gordon's obituary in October 1998 generated the seed money for the Gordon T. Heald ALS Fund. Compassionate Care ALS, Inc. is dedicated to providing assistance to families in dealing with the complexities of ALS. Compassionate Care ALS, Inc. models compassion to those affected by ALS by providing educational and legal resources, respite opportunities, instruction and guidance, subsidy of living aids and assistance, durable goods and intimate dialogue with patients and their caregivers, families, and friends. The Organization's approach draws from hands-on experience and strives to understand the overwhelming dynamics ALS families endure.

#### NOTE B - SIGNIFICANT ACCOUNTING POLICIES

##### Financial Statement Presentation

The Organization prepares its financial statements in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958 (formerly SFAS No. 117, "*Financial Statements of Not-for-Profit Organizations*"). Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets as defined below:

*Unrestricted Net Assets* – consists of assets, public support and program revenues which are available and used for operations and programs. Contributions are considered available for unrestricted use unless specifically restricted by the donor.

*Temporarily Restricted Net Assets* – includes funds with donor-imposed restrictions which permit the donee organization to expend the assets as specified and is satisfied either by the passage of time or by actions of the Organization. Resources of this nature originate from gifts, grants, bequests, contracts and investment incomes earned on restricted funds.

*Permanently Restricted Net Assets* – includes resources which have a permanent donor-imposed restriction which stipulates that the assets are to be maintained permanently, but permits the Organization to expend part or all of the income derived from the donated assets.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with Compassionate Care ALS, Inc.'s financial statements for the year ended December 31, 2016, from which the summarized information was derived. Certain reclassifications and restatements have been made to the summarized information to be consistent with the presentation in the audited financial statements as of December 31, 2017.

##### Recognition of Donor-restricted Contributions

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. #### Pledges Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Management deemed all pledges receivable to be collectible at December 31, 2017 and therefore, no allowance for uncollectible pledges receivable has been established.

#### Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates used.

#### Fair Value Measurements

FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value under generally accepted accounting principles, and expands disclosure about fair value measurements. FASB ASC 820-10 establishes a fair value framework that prioritizes the inputs and assumptions used to measure fair value. The three levels of the fair value framework under FASB ASC 820-10 are as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 Inputs other than quoted market prices in active markets that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 Inputs that are unobservable.

An asset’s or liability’s level within the framework is based on the lowest level of any input that is significant to the fair value measurement.

#### Functional Expenses

Compassionate Care ALS, Inc. allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated by various statistical bases used in conjunction with the Organization’s cost allocation plan.

Supporting services are those related to operating and managing Compassionate Care ALS, Inc. and its programs on a day-to-day basis. Supporting services have been sub-classified as follows:
